Semester Project Part 1:

Name: Lucretia

Description: An ecommerce market that sells luxury items. We only allow verify sellers to sell on this site to make sure there will be no fake products. These items will include clothing items, gold, silver, and other rear collection items. It will also guarantee 2-day delivery free. The site will also have a reward program.

Each Page Name:

1. About Us
2. Contact us
3. Login
4. Become a Seller
5. Product Page

Data Description: The site will store, manipulate, and view data for accounts (seller and buyer) and product (image, description, title). With the Buyer account, it will store usernames, passwords, address. With the seller account, it will store usernames, passwords and products selling.
